INSTRUCTIONS FOR ANNUAL REPORT OF PRIVATE RAILROAD CARS

GENERAL INFORMATION

Sections 11201 through 11702 of the California Revenue and Taxation Code, also known as the Private Railroad Car Tax Law, prescribe the manner in which private railroad cars shall be assessed in the state of California. Section 11271 says, in part, "Every person whose private railroad cars are operated upon the railroad in this state at any time during a calendar year shall file with the BOE on or before April 30 a report under oath setting forth specifically the information prescribed by the BOE . . ." Upon written application, the BOE **may** for good cause extend the filing date a **maximum of 30 days**. If you do not file a report on or before April 30, or such time as extended by the BOE, it will cause a penalty of ten percent of the assessed value to be added to the assessment. **(Whenever April 30 falls on a Saturday, Sunday, or holiday, a property statement filed on the following business day will be considered timely. See Gov. Code, §§ 6706-6707.)**

An unsatisfactory report can cause a separate penalty of ten percent of the assessed value to be added to the assessment. A willful failure to file can cause an additional penalty of 25 percent of the assessed value to be added to the assessment.

This form should be filled out **completely**. The report must be signed by the **owner, corporate officer, or authorized agent**. The report **will not be accepted** if it is incomplete or submitted without a **valid signature**.

Report acquisition cost in U.S. dollars (100 percent of actual cost). **(If a foreign company, use the exchange rate which was current at the time of the purchase.)** Include excise, sales and use taxes, freight-in, installation charges, and all other relevant costs. Include finance charges, where applicable, for self constructed equipment. Do not include finance charges for purchased equipment.
